

## Criteria for applying for financial support for participating in Norway Cup

- Norway Cup Friendship financial arrangement for teams is made with the intention of including teams from developing countries or areas with specific challenges. These challenges may be war- or conflict situations, poverty, environmental challenges, or other situations which makes the daily life a struggle for the children. These teams would normally not have the opportunity to travel abroad to participate in football tournaments.
- With the support from the Norwegian Agency for Development Cooperation (NORAD) we have the opportunity to give financial support to foreign teams from development countries, and we have therefore created a simple application form that all teams have to fill out. This form will provide us with some background information regarding the team/ club, and will make it easier for us to make sure that the donations are given on a fair basis, and to those who have the greatest need.
- The financial support is given to the maximum of **two teams per club**, and to **maximum 20 players and 2 leaders per team**, and we encourage all clubs to give girls' teams priority.
- All teams applying must be officially playing in their respective national league, and **the club must be member of the National football association** and all teams must provide us with a confirmation, along with the application, that they're a member of their national football association.
- All team leaders are obliged to participate in a «Safety in sports-program» during Norway Cup.
- All girls' teams must have a minimum of one female leader.

- The financial support given by Norway Cup covers A-cards, which includes accommodation in schools, all meals, free public transport and free access to museums and swimming pools. **Travel costs to/from Oslo is the responsibility of the club/team.**
- After the tournament, all Friendship teams have to submit a report on the preparation prior to the tournament, and their experiences from participating in Norway Cup.
